

**FELLOWSHIP REGARDING THE NEEDS OF THE SAINTS AFFECTED
BY THE HURRICANE ETA IN HONDURAS**

Tuesday, November 10, 2020

Dear Saints,

We are sending you this letter with some news about the present situation affecting the saints in Honduras where the hurricane ETA has hit the hardest last week. News can be found on Google looking up Hurricane ETA in Honduras

By Friday morning, Nov. 6 the situation was this among the saints in San Pedro and La Lima: Due to very sudden flooding the people had to get on the roofs of their 2 story houses, and thankfully, the water did not rise that high. They had to wait there for up to 3 days waiting for rescue by helicopters or by boats.

About 40 saints who lost everything found shelter in the Meeting Hall of the church in San Pedro Sula, where they were fed and taken care of. The brothers there poured themselves out to get the necessary supplies to take care of such a need.

Now, Monday night, November 9 the situation was related to us as follows:

Due to the reduction of the water, some saints have been able to go to their homes to see what to do. Others have come to the hall, and there are about 50 saints in the hall at this time, including some neighbors who fled there for refuge. There is no electricity, so even though they have a well that could give fresh water, there is no electricity to operate the pump. Food and medicines are being obtained, but there is a great shortage of pads for sleeping on the tile floors.

Now is the most dangerous time, since the saints need to start going back to their houses to clean up before the mud hardens into clay. That makes it almost impossible to remove. They have purchased a couple of machines to help the saints do this cleaning as fast as possible.

The danger is that there are dead bodies of cattle, horses, dogs, cats, and even humans lying around and decomposing. This brings in great bacterial danger, in the air and everywhere.

In addition to the present emergency is the fact that they have already been very affected by Covid-19. Now they have this to deal with in addition

There are about 35-40 saints who lost everything: appliances, furniture, clothing. The brothers taking care of them estimate that it will cost about \$3,000.00 USD per family to get them back on their feet.

There are a couple of photos attached of the dining in the hall, the brothers who are coordinating to help the saints and a very short video of one of the houses after the flood.

The church in Anaheim has graciously offered to receive any offerings designated to Honduras Hurricane and to pass them on to the saints there.

The following information is available for those who would like to send an offering for the saints affected by this hurricane. They have provided the following information regarding this:

Designated offerings for the saints affected by the hurricane may be wired, mailed to the church in Anaheim, or given online using the following information:

To send an offering by wire transfer:

Send an email to Daniel Sun (dantsun@gmail.com) for instructions. Please specify whether you are sending the wire transfer from a US bank or a foreign bank.
